## **New Credits**

The following credits are new for tax year 2023 and are allowed on Form MO-TC, Miscellaneous Income Tax Credits:

- Medical Preceptorship Tax Credit Authorizes a taxpayer to claim a credit for serving as a community-based faculty preceptor for a medical student core preceptorship or a physician assistant core preceptorship. Up to \$1,000 can be received for each preceptorship but cannot exceed \$3,000 per tax year.
- Qualified Research Expenses Tax Credit Authorizes certain taxpayers to receive a credit against the
  Missouri corporate income tax and financial institutions tax equal to 15% of a taxpayer's "additional
  qualified research expenses"; the credit is increased to 20% if such expenses relate to research
  conducted in conjunction with a public or private Missouri college or university. The highest credit
  amount a single taxpayer may claim in one year is \$300,000, and the aggregate of all tax credits shall
  not exceed \$10 million in any single year. \$5 million of all tax credits is set aside for small, minority, and
  women-owned businesses.
- **Show MO Act Tax Credit** (formerly known as Film Production Tax Credit to Show MO Act) Provides tax incentives for production companies to film projects in Missouri.
- **Specialty Agriculture Crops Loan Tax Credit** Authorizes a tax credit to a lender in lieu of a family farmer paying the first year's interest payment on a loan for specialty crop resources.
- **Urban Farm Investment Tax Credit** Provides credit based on taxpayer's eligible expenses incurred in establishing or improving an urban farm that focuses solely on food production for sale or donation to the public. The credit is equal to 50% of the amount the taxpayer paid in the tax year for establishing or improving an urban farm, not to exceed \$5,000 per urban farm. The total amount of tax credits that may be authorized for all taxpayers for eligible expenses incurred on any given urban farm cannot exceed \$25,000.
